

WEEK 14

Monday: we cleaned their feeders and every necessary things that needed cleaning. Gave the broiler hen multi vitamin and I personally fed them.

Tuesday: we stored their feed in the store because we usually gets it in bulks

Wednesday: we were told to had the pen house, pipes, holes which is the drinker cleaned. Gave the layers their regular feeds.

Thursday: we gave the broiler hen some blood tonic which is powdered. This was fine by adding it in their water and they were fed.

Friday: Had eggs sold out for hours the fed the broilers.

Saturday: Gave account of the work carried out in the pen's house.
